MALBEC

The best Malbec in the world is grown in Mendoza, Argentina. The conditions & climate required for the grape to grow are perfect here. Malbec is without doubt 'THE' grape to go with beef, mainly due to its firm tannins & soft, fresh style. The most highly rated wines come from Mendoza's high altitude regions of Lujan de Cuyo & the Uco Valley. These districts are located in the foothills of the Andes Mountains between 800m & 1500m above sea-level. The jewel in Argentina's crown, not only is Malbec the perfect match for beef, it also works brilliantly with chocolate – what is there not to like!

RIOJA

The region of Rioja, located in North Spain, has a wine grading system that is broken into four categories. Here in Kyloe we have three: Crianza, Reserva and Gran Reserva. Basically there are different styles of oak-ageing – the more oak, the higher the quality of wine. The Structure of Rioja wines lends themselves to match various meats, especially beef. The Tempranillo grape has fantastic tannins that go brilliantly with the DNA of our steaks. We hope you enjoy trying these wines as much as we have!

KYLOE

RESTAURANT & GRILL

The name Kyloe, an old Scots word for Highland beef cattle, was chosen for the restaurant as it represents the strength & versatility of Scottish beef produce. Using a selection of traditional cuts chosen for their texture & flavor, Head Chef John Rutter has created an innovative Grill Menu.

This is complemented by our robust a la carte menu, which features Scottish seasonal produce, responsibly sourced & simply prepared to create a series of compelling dishes, including a tasty shellfish section & mouth-watering desserts.

Our unique wine list has been sourced by Steven Strachan through numerous wine merchants & features a fantastic list of new & old world wines.

We trust you will enjoy the Kyloe experience.
